

# At Staverton School we stay

**S**  
**SAFE**

Keep safe by being careful not to give out personal information when you're chatting or posting online. Personal information includes your email address, phone number and password.

**m**  
**MEETING**

Remember online friends are still strangers even if you have been talking to them for a long time. If you meet them, you should only do so with your parents or carers.

**a**  
**ACCEPTING**

It's fine to message your friends, however accepting emails, IM messages, or opening files, pictures or texts from people you don't know or trust can lead to problems – they may contain viruses or nasty messages!

**r**  
**RELIABLE**

Most people online will be your friends or someone you know, however, someone online might lie about who they are. If you like chatting online it's best to only chat to your real world friends and family

**t**  
**TELL**

Tell your parent, carer or a trusted adult if someone or something makes you feel uncomfortable or worried, or if you or someone you know is being bullied online.
