

Dear Parents,

E-Safety Parent Information Session

Today, Tuesday 11th February 2014, is Safer Internet Day, a day that is celebrated every year across Europe, and in other countries worldwide. This year's theme is "Let's create a better internet together." During this week, therefore, the children will be discussing internet safety and completing some activities related to this.

As part of our focus on Internet Safety, we would like to invite you to a Parent Information Session regarding e-safety on **Tuesday 4th March at 6:00pm**. The session will provide practical advice and safety tips to help manage online safety issues, and discussions surrounding suitable behaviour online. It is envisaged the session will last for approximately 30 minutes. It will be provided by Mr Spires, using the materials provided by Childnet International which forms part of the UK Safer Internet Centre (www.saferinternet.org.uk). This session is designed to enable you to strengthen and reinforce the safety messages that your child receives in school and at home.

We believe that internet safety education is of paramount importance; we really hope that you will be able to attend.

Yours sincerely

Head teacher

E-Safety Parent Information Session

I will be attending the internet safety evening on Tuesday 4th March at 6:00pm.

Signed: _____

(Name of child: _____)
